What is the return policy for electronics?
U
For electronics and accessories delivered from 1 August 2026 onwards, the return window is 7 days. Electronics delivered before 1 August 2026 keep the 10-day window. Items must be unused, in original packaging with all accessories, and free of physical damage with all screen or account locks removed.

can i cancel my order
Your order has already shipped, so it cannot be cancelled directly. However, you can refuse the parcel at the door or accept the delivery and return it within the return window.
